Direct sales, MLM, network marketing and internet marketing are all based around the concept of collaboration. Networking online and offline are both the same concept, yet require different techniques.

In the world of business it is all about collaboration. Collaboration is the key to success and the opposite of competition.

Competition is a needy mentality. Most people who worry about competition are always needing something. Do you need more bookings? Have you said to someone lately: "you owe me a show"? Are you feeling desperate every time a lead is standing in front of you? If you answered yes to any of those questions, then this seminar is for you!

When you collaborate with other like-minded professionals your results are cubed. Two people working together have four times the results as one. Four people working together have sixteen times the results of one person working alone. This tele-seminar and conference workshop will teach you how to use networking the way it was meant to be used... in collaborative efforts.

## **Overcome the Biggest Mistakes Most Direct Sellers Make**

- ✓ Do you operate with an attitude of success or with a need-based attitude?
- ✓ Are you collaborating or worried about competition?

- ✓ Find out what social bookmarking websites can do for you.

Deb Bixler retired from the corporate world in 2000 to enjoy life as an entrepreneur. In the first 9 months as a direct seller she built a show schedule and sales team which provided her with an income capable of replacing her corporate business salary of \$80,000 per year. Deb achieved the top honors offered in her company in personal sales every year for 7 years in a row and earned the President's Club 5 of those 7 years. This prestigious award goes to only the top 20 of the 67,000 sales representatives in the company.

Deb has taken the skills and training that made her a success in the corporate world and incorporated them into her home party business to achieve similar results. It wasn't long before other sales companies asked her to present workshops to their sales teams. That is how the **Cash Flow Show** website was born. She now teaches others how to apply professional principles to their direct sales business-home party plan businesses.

The premier product of her website, the **Create A Cash Flow Show** training program was created during live training events and is the system of show organization, planning and prospecting that creates a consistent income in any home party plan business. Deb created the **Power UP For Professional Results** program in response to the #1 question asked of her...

"What is the secret? How did you quit your full-time job in only 9 months?" The answer to that question can be found in the **Power UP For Professional Results** Program.
